## VENTURE LAW ADVISORS MOVES TO LOWER HIGHLANDS NEIGHBORHOOD

DENVER, CO--Venture Law Advisors, LLC ("**VLA**") has relocated its Denver office, setting the stage for the firm's continued growth. VLA has moved from the Ballpark Neighborhood to the Lower Highlands neighborhood, just across the Highland Bridge from the Central Platte Valley and Downtown Denver. The firm will occupy office space overlooking the Ale House at Amato's, Commons Park, and Union Station and will neighbor Vita, Lola, and the new restaurant, Linger.

"Since Charlie Knight founded the firm in March, 2009, our practice has grown significantly," noted VLA partner Bryan McKae. "Our new office space will allow us to add staff and attorneys to accommodate the increasing number of startups and growth-stage companies hiring Venture Law Advisors to provide business counsel and legal support. We selected the Lo-Hi neighborhood because of its close proximity to Union Station, Downtown Denver, and the growing and relaxed atmosphere of the Highlands neighborhood. Our clients, many of whom are busy entrepreneurs from the Boulder and South Metro Denver areas, also appreciate the location's easy access from I-25 and free parking."

The relocation allows VLA to focus on maintaining efficient overhead and providing high-quality business and legal advisory services to emerging companies at affordable rates. The additional office space, along with VLA's recent investment in new technologies designed to improve the firm's efficiency, are the firm's initial steps toward introducing new products for startups and small business owners later this summer.
